

7th Annual Golf Tournament a Success

The Healthcare Trust of Mammoth Lakes held the 7th Annual Cancer Outreach Golf Tournament last weekend raising over \$38,000 for Mammoth Hospital's Cancer Outreach program, the event's most successful tournament to date.

The tournament honors Brian Venneman, local cancer survivor who this year won the tournament cup along with teammates Dennis Hurlburt, Greg McDonough, and Tom Daniels. The tournament received much support from the community, with 45 sponsors and a full field of players. Money raised for cancer outreach goes to help local cancer patients pay for travel expenses while receiving treatment outside of the area.
