

Nurse Practitioner Tenders Resignation after 17 Years of Service

By Ehren Goetz, Public Relations Assistant

Shelly Vinatieri, Nurse Practitioner at Mammoth Hospital's Sierra Park Clinic recently announced her resignation from Mammoth Hospital to pursue a new chapter of life in Santa Barbara. Her last day of clinical duty will be July 12. She will continue to spend time in the Eastern Sierra and also continue to see community residents and visitors on an as needed per-diem basis.

“It has been a great pleasure for me to work at Mammoth Hospital and the Sierra Park Family Medicine Clinic for the past 17 years. I have been proud to be a part of the Mammoth Hospital team and consider myself fortunate to have worked with a wide variety of professional, competent, and knowledgeable co-workers. It has been both an honor and privilege to serve the residents of Inyo and Mono counties,” said Vinatieri, who looks forward to spending more time with family and friends. She also hopes to include a lot more play, travel, and sports activities.

“This is a bittersweet occasion for all of us. We are happy for Shelly, opening this new chapter in her life; but for those who have worked with her, it's a huge loss. Shelly is irreplaceable, and has touched so many lives in such a positive way,” said Deidre Parker, Sierra Park Family Medicine Manager.
